Royal Thai proudly presents Intrinsic, our latest collection of hand-tufted area rugs designed especially for the hospitality market. As its name suggests, this assortment of over two dozen minimalist designs represents a return to basics, avoiding elaborate ornamentation in favor of a clean, stripped-down aesthetic whose beauty and simplicity supports the collection's ideals of versatility and practicality.

Intrinsic's concepts are organized across three categories, A through C, offering viability across myriad design schemes and a range of pricing options. Each concept balances its own singular vitality with a fundamental adaptability that can bring harmony to any room. Although crafted with care, these rugs are far from fragile—they are constructed to absorb the volume of continuous guest activity. They are, in short, conceived to catch the eye and built to be lived on.

As carpet designers and collaborators, Royal Thai's inspiration draws from many worlds—from fine art, fashion and architecture to our process, machinery and materials. Partnering with a wide variety of artists from around the world, we offer a multicultural perspective with an extensive library of unique patterns and an unparalleled process—helping clients enhance their overall vision. No matter where in the world our carpets roll out, they capture attention and add the finishing touch to spaces and stories.
