MILK BATH

MILK BATH

is about making mistakes. Rebounding. Putting creativity above perfection. It is the spirit of giving up, thrusting your fists in the air and swearing at your circumstances, then pushing through. Milk Bath captures the newness of the current situation and pairs it with its innate flexibility. Inspired by the fluidity of paint. Water. Ink. Milk. Always shifting. Always changing. Powerful yet malleable. Life ending and life giving.

ABOUT

ROYAL THAI

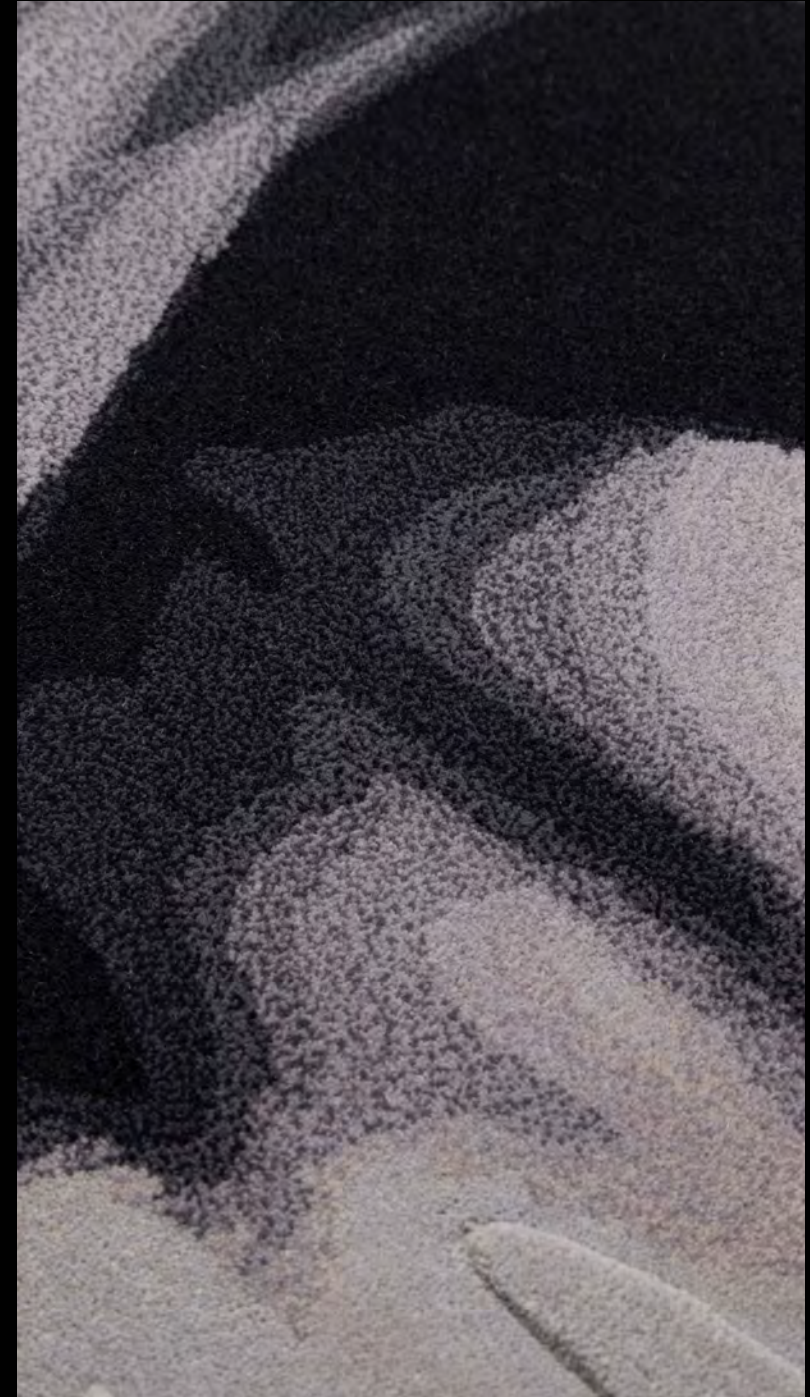

As carpet designers and collaborators, Royal Thai's inspiration draws from many worlds—from fine art, fashion and architecture to our process, machinery and materials. Partnering with a wide variety of artists from around the world, we offer a multicultural perspective with an extensive library of unique patterns and an unparalleled process—helping clients enhance their overall vision. No matter where in the world our carpets roll out, they capture attention and add the finishing touch to spaces and stories.

WHY

AXMINSTER

Axminster is one of the most durable types of carpets in the market because the pile yarn and backing yarns are interwoven, forming an extremely stable construction allowing these carpets to stand up to heavy use while retaining their pattern and color. Even after years of use, an Axminster carpet will retain design definition and colors will still be vibrant.

Our Axminster is offered in blends of premium wool and nylon, 100% nylon 6.6 and solution dyed nylon; all sturdy and stylish, they have been designed and engineered specifically for any project. In addition, our Axminster scores points for acoustical control, indoor air quality, easy and reduced maintenance, and longevity all which add up to maximum return on investment for our clients.
